

## Be a Butterfly Buddy

The Panhandle Butterfly House relies on donations and volunteers to attract 14,000 annual visitors from 47 states and 12 foreign countries to its butterflies and the gardens they live in.

It costs \$9,000 annually to buy butterflies from our supplier in central Florida. An individual butterfly may live only 3-4 weeks. Each weekly shipment costs \$350.

Monarch

Businesses, community groups and individuals may purchase all or a portion of a week's shipment. Supply an entire week of butterflies and you and up to 12 guests can help release them in the vivarium and be recognized as a Butterfly Buddy on our donor plaque.

Zebra Longwing  
Florida State Butterfly

Provide part of the cost with a minimum donation of \$100 and you will be recognized as a Butterfly Buddy on our donor

plaque.

All donations are fully tax-deductible; we are a 501(c) 3 non-profit organization. Of course, there is no limit to the number of weeks you can participate.

Donations by check can be mailed to Panhandle Butterfly House, PO Box 5208, Navarre FL 32566, or made at [www.panhandlebutterflyhouse.org](http://www.panhandlebutterflyhouse.org) by credit card. If you would like more information, please call 850-623-3868 or fax 850-623-6151.

Thank you for considering this worthy tourism and education-based program.

The Panhandle Butterfly House is a program of the Santa Rosa Clean Community System, Inc.; University of Florida/IFAS Extension Service, and the Florida Master Gardeners.
